WORK EXPERIENCE

Python Network Automation Engineer Reliance Jio

09/2023 - 10/2025

Mumbai

Achievements/Tasks

- Developed Python-based automation solutions for firewalls, DNS, and load balancer operations to improve network efficiency and reduce manual effort.
- Built scalable automation workflows and scripts for infrastructure management and monitoring.

Contact : Rajat19.Gupta@ril.com

Computer Vision Research Intern WorkOut Labs

08/2022 - 05/2023

<https://workoutlabs.com/>

Achievements/Tasks

- Developed AI-powered computer vision applications for fitness and yoga posture analysis using Python and OpenCV.

Contact : Daimy Stroeve - dstroeve@workoutlabs.com

ACHIEVEMENTS

Qualified GATE Data Science & Artificial Intelligence exam among 1lakh+ candidates nationwide. (10/2025 - 05/2026)

- Secured AIR 4561 in GATE Data Science & Artificial Intelligence.
- Demonstrated strong knowledge in Probability, Linear Algebra, Machine Learning, and Artificial Intelligence, Data base Management.

Runner Up for hackathon

- Secured Runner-up position in a Devfolio hackathon for developing a Python-based GST validation application.

EDUCATION

Btech in CSE Terna Engineering College 8.6 (CGPA)

06/2019 - 05/2023

Mumbai

12th Board (75%) KJ Somaiya

04/2017 - 04/2019

CERTIFICATES

IBM ML certificate
